KNOWLEDGE

Pipeline:

- High-Poly/Low-Poly Modeling
- Procedural Assets Modeling
- Organic/Hard-Surface Sculpting
- Retopologizing
- UV Unwrapping
- Texturing
- Lighting
- Rendering
- Baking Normal/Displacement
- Compositing
- Simple Rigging
- Basic Rotoscoping
- Basic Concept Design
- Simple Animations
- Basic Languages - Unity C#, ShaderLab, Maya MEL, Python, Unreal Blueprints

Software:

- Maya
- 3DS Max
- Zbrush
- Unity
- Unreal Engine
- Mudbox
- Mari
- Photoshop
- Illustrator
- Premiere
- Flash
- Fusion
- V-ray
- 3D-Coat
- After Effects
- Marvelous Designer
- Substance Painter
- Substance Designer

EDUCATION

Cogswell Polytechnical College - Sunnyvale, CA

B.A. in Game Design Art

May 2018

B.A. in Digital Art and Animation

May 2015

EXPERIENCE

Technical Artist [Unity]

Mar 2020 - Present

StoriePlay LLC - San Jose, CA

- Modeled/Textured/Rigged 3D characters from 2D concepts
- Organized UV layout/Modeled procedural 3D assets for gaming pipeline ready
- Developed basic automated Rigged for faster production pipeline
- Developed early-staged game mechanics for pre-visualization [C# Unity]
- Set up Shader Materials and Visual Effects for appropriate visual style
- Composited/Edited rendered photos for enhancing visual aesthetic
- Created 2D GIF Animations such as cursor animations & scoring
- Concepting pre-visualized design for pre-production
- Shared repository data [Git CMD, Unity Collaborate]

3D Generalist [AR Face Tracking]

Oct 2018 - Aug 2019

FanBabble - San Jose, CA

- Modeled/Textured/Rigged/Rendered 3D assets for mobile platform
- Re-adjusted and matched assets to fit onto face tracking

3D Generalist [VR Oculus - Unreal Engine] (School Internship)

Jan 2017 - May 2018

Cogswell Game Studio - Sunnyvale, CA

- Modeled/Textured 3D props and interior designs from concepts for gaming pipeline
- Assuring assets' and textures' quality while maintaining 90 Fps
- Managed lighting and post-processed effects for visual aesthetic
- Created level design with primitive shapes for smooth game play experience
- Shared repository data [SVN]

EXPERIENCE

Quality Assurance Specialist/Analyst

Dec 2015 - July 2016

Apple - Cupertino, CA

- Managed as image annotation and data entry
- Participated daily meetings for enhancing quality product
- Provided feedback/Reported bugs for propriety software
- Co-operated with teammates to deliver on time for production

3D Modeling TA

Aug 2015 - Nov 2015

Ohlone College - Fremont, CA

- Assisted students for clarity with simplified explanations from instructor's lectures

3D Generalist (School Internship)

Jan 2013 - May 2015

Star Thief Studio - Sunnyvale, CA

- Modeled/Textured interior assets and animal characters
- Unwrapped UVs/Generated Normal and Displacement Maps
- Rigged/Skinned 3D assets such as trees, plants, and insects
- Composed lighting/Color matched between shots
- Cleaned outliners/Organized asset files for animators and lighters
